ARRIVE / PREPARE

check-out by 12:00

trail day tomorrow: ask at check-in for an early breakfast and how to leave the keys

Docksta Hotell: pay at the hotel.

Mon 28 Sep · Talad Thai · proposed about 18:00; about 18:30 after the Skuleberget hike; or The Chef By the Sea · proposed 18:40

Asian option · Talad Thai · PROPOSED

★ 4.4 (179 reviews) · 30 min driving recorded · Mon 11:00–20:00 in Maps; directory closes 19:30; plan on 19:30 · proposed about 18:00; about 18:30 after the Skuleberget hike

Tentative; route closure indicator unresolved. Check route before driving. Nana Asiafood has a different business address; its menu/phone are not this venue.

Local option · The Chef By the Sea · PROPOSED

★ 4.5 (516 reviews) · 30 min Driving recorded · Dinner Mon–Thu 17:00–21:30; Fri–Sat 17:00–22:30; Sun closed. Lunch separate. · proposed 18:40

Kitchen last-order time and table availability unknown. E 4 route forecast 28–35 minutes qualifies; 35–45-minute alternative route does not.

Talad Thai · food evidence, 27 Sep: Red curry lead from an older detailed comparison with Thailand; more recent food criticism. Authenticity evidence mixed. Tentative; route closure indicator unresolved. Check route before driving. Nana Asiafood has a different business address; its menu/phone are not this venue.

Talad Thai — recorded route

Conditions: Talad Thai is tentative; plan on the earlier 19:30 closing time (Maps says 20:00). Its route closure indicator is unresolved: check before driving. The Chef By the Sea remains the local alternative at about 18:40; use only a route within 40 min.

Timing estimate: Talad Thai about 18:00 needs departure about 17:30 for the 30 min journey. If walking Skuleberget by 14:00/off the mountain about 17:00, allow hotel changing and an 18:00 departure: Thai arrival about 18:30. The Chef By the Sea keeps its recorded 28–35 min route and 18:40 proposal; the 35–45 min alternative fails the limit.

New restaurant evidence recorded 27 Sep 2026; retained venue observations dated 24 Sep unless stated. Bangkokköket route: 26 Sep. Proposed timings; opening, kitchen and tables require confirmation. Evidence and limits

Asian option · Ladda asian restaurang · PROPOSED

★ 4.7 (78 reviews) · 34 min driving recorded · Mon–Fri 10:30–20:00; Sat overview to 20:00 but dinner sub-hours to 19:00; Sun closed. · proposed 18:05

Additional Treehotel services/dinner unconfirmed. Husky aurora dinner removed. Guesthouse hours unknown; any 20:00 hunt requires a separate decision and timing check. Customer-toilet provision and kitchen cutoff remain unknown; two recorded reviews report no customer toilet.

Local option · Treehotel — Britta's Guesthouse restaurant · PROPOSED

property rating omitted · on site; journey not measured · No restaurant-specific weekly dinner hours on inspected Maps hotel listing. · sitting to confirm

Additional Treehotel services/dinner unconfirmed. Husky aurora dinner removed. Guesthouse hours unknown; any 20:00 hunt requires a separate decision and timing check.

Conditions: Ladda closes 20:00; 35 min journey is historical date-specific evidence for 1 October. Guesthouse dinner hours unknown. No additional Treehotel meal or activity confirmed. Aurora dinner removed. A Northern Lights hunt would need separate confirmation and a prompt meal/return before 20:00.

Timing estimate: return 16:50. Allow 40 min change, depart 17:30 + 35 min gives 18:05. Removed aurora dinner is not planned; optional 20:00 hunt would require a prompt meal and return.

New restaurant evidence recorded 27 Sep 2026; retained venue observations dated 24 Sep unless stated. Bangkokköket route: 26 Sep. Proposed timings; opening, kitchen and tables require confirmation. Evidence and limits

Wed 7 Oct 2026

Levi → Ivalo · 68°39′N

IN WED 7 OCT · OUT SAT 10 OCT · 3 NIGHTS FIXED

Road plan · depart 12:30 → arrive ~16:30 · check-in 16:00–21:00

Road plan · 214 km · 4.0 h, no stops · road 955

06:58–19:06 · usable light · 12.1 h

Trail: leave 07:00 · if taken · Aurora Village ~13:10

ROUTE **Road 955 through Pokka and Inari**, 214 km — the ~51 km Köngäs → Pokka are gravel, tarmac from Pokka on · round by Sodankylä (80, E75) it is 284 km, tarmac apart from the Ranch access · leave 12:30, in ~16:30 · fuel ABC Levi, Inari · Inari is 41 km north of the Village

DRIVE | 400 214 KM · 4.0 H

Optional: enquire about the Otsamo guided hike and Aurora Village activities before arrival on Wed 7 Oct · personal reminder, not an operator deadline; no deadline published.

ALTERNATIVE ROUTE

TRAIL ALTERNATIVE · DECIDE AT DEPARTURE RULES → B · 200 KM ON TRAIL · 114 TARMAC · 42 GRAVEL · 44 NO RECORD

LINE **9 km of Ounasjoentie (gravel) to FIN-01 km 2246, backwards to the FIN-07 junction (65 km), FIN-07 north 135 km via Pokka to Inari (km 667)**, road 4 south 41 km · fuel Tieva Bar on the line at 561, Inari · the line ends at the Siida museum door

GO **All the gravel is before Pokka** — from Pokka the line is road 955, the same tarmac as the plan. Planned Pokka ~10:25, the Village ~13:10; a slow morning shortens the 5.9 h margin, it is not recovered at Pokka.

ON FIN-01 km 2246, Ounasjoentie river crossing VIA FIN-01 / FIN-07 junction (km 2181 = 532)
VIA Pokka km 563 · Tieva Bar fuel OFF FIN-07 km 667, Inari bridge → road 4

DRIVE | 400 ~250 KM · 200 ON TRAIL · ~6.1 H

depart 07:00 · first light 06:58 Pokka ~10:25 Inari ~12:20 Aurora Village ~13:10 · check-in from 16:00
last light 19:06 · 5.9 h in hand

CHECKED 26 SEP

Checked 26 Sep (independent map audit): the track file's points are up to 10.5 km apart on this line (FIN-07 near km 602) — between points the drawn line is straight, not the road; follow the road. Roadworks on road 956 between Köngäs and Tepasto, near the start of the line: 50 km/h, traffic stopped at times, 28 Sep 2026 – Dec 2027 (Fintraffic).

Kiilopää fell-centre services, Kaunispää restaurant, Saariselkä spa and Ivalo swimming hall closed.

SELECTED

Gravel day — depart 08:00 → Aurora Village ~14:55 · Selected · no booking

Use the route box for the route, cut rules, weather choice and checkpoint timeline. No booking needed.

THE GRAVEL DAY · THURSDAY 8 OCT RULES → FIN-07 KM 667 → 790 · 123 KM ON TRAIL · 35 TARMAC · 81 GRAVEL · 7 NO RECORD

LINE

FIN-07 north of Inari — 41 km of road 4 to Inari, then **the line from the Siida door (km 667)**: through the village and west on Angelintie (road 9553), tarmac for the first ~26 km (~3 km of it no record), then gravel to **Angeli** (km 728) and north along the **Inarijoki**, the Norwegian border river, to **Karigasniemi** (km 790) — then **139 km home** by road 92 to Kaamanen and road 4 (Digiroad: tarmac, ~2 km no record) · 123 km of line (35 tarmac · 81 gravel · 7 no record) · fuel Inari, Karigasniemi, none at Angeli · the bridge at Karigasniemi is the border — the road home stays in Finland

GO

Leave 08:00; on gravel ~09:05, first light 06:51. **At Angeli (km 728, plan ~10:05) later than ~13:00, or the road rough → back the way you came**, 103 km by 9553 and road 4 (~33 km gravel), ~2.0 h. From Karigasniemi it is tarmac — the margin sits on the road. Home through Inari ~13:15: an hour at Siida (Mon–Sat 10–17, last tickets 16:15) → back ~15:55. **Look at the road 9553 camera ↗ the night before** — drivers' reports (2006–2021) range from washboard to fairly good; OpenStreetMap shows gates within ~60 m of the line near km 686, 757, 767, 783 and 786 — not checked on the ground: whether each is on the road, open or locked is unknown. Close any gate you open; a locked one means back the way you came. Car routers follow the whole line (checked 24 Sep). Fri 9 Oct is the reserve if Thursday's weather is poor.

ON FIN-07 km 667 at the Siida door, Inari — 41 km from the Village
CUT Angeli, FIN-07 km 728 — later than ~13:00: back the way you came, 103 km
OFF FIN-07 km 790 at Karigasniemi · fuel → 139 km home by roads 92 and 4 (tarmac, ~2 km no record)

DRIVE | 400 ~304 KM · 123 ON TRAIL · ~6.8 H

depart 08:00 · first light 06:51 on the line ~08:40 · gravel ~09:05 Angeli ~10:05 · the way back
Karigasniemi ~11:45 · fuel Aurora Village ~14:55 with the hour of stops last light 19:01 · 4.1 h in hand

CHECKED 26 SEP

Map check 26 Sep: the six gates near km 686.7, 757.0, 768.0, 768.1, 783.8 and 786.1 are all on side tracks, not on roads 9553 / 9704 (OpenStreetMap). Whether they are open is unknown; the card's gate rule still applies.

FORECAST Mon 12 Oct Rovaniemi — open once with a connection

OPEN-METEO · NO FORECAST ON THIS DEVICE YET · FMI ROVANIEMI ↗

Mon 12 Oct · Included dinner: Gallis at Glass Resort — reserve the dinner table; confirm at the desk · or Wonton Soup · proposed about 17:30

Included · Gallis — Glass Resort

No standalone rating recorded · on site · journey not measured

Dinner is included in the booking (not independently rechecked). Reserve the dinner table; table time to arrange. Baseline Gallis hours 17:00–23:00; confirm the rate/table at check-in.

Asian option · Wonton Soup · PROPOSED

★ 4.7 (75 reviews) · 12 min driving recorded · Mon–Sat 11:00–19:00; Sunday closed · proposed about 17:30

Proposed Mon 12 Oct about 17:30; kitchen last order and a table unconfirmed.

Korean alternative · Namu · PROPOSED

★ 4.9 (222 reviews) · 10 min driving recorded · Maps Mon–Fri 11:00–18:00, Sat 12:00–18:00, kitchen to 17:30; centre Mon–Fri to 21:00, Sat to 20:00; Sunday closed · proposed about 17:00; tight if kitchen closes 17:30

Korean alternative, outside the Thai/Vietnamese/Indian preference. Hours conflict; about 17:00 is tight if kitchen closes 17:30. Confirm before relying on it.

Local option · Restaurant Roka Street Bistro · PROPOSED

★ 4.6 (2507 reviews) · 11 min driving recorded · Mon–Fri 11:00–22:00; Sat 12:00–22:00; Sun 12:00–21:00. · proposed 19:00

Queues, kitchen cutoff and table availability unknown.

Local option · Nili Restaurant · PROPOSED

★ 4.5 (3060 reviews) · 12 min driving recorded · Mon–Fri 16:00–23:00; Sat 14:00–23:00; Sun closed. · proposed 19:00

Menu format may change; current kitchen cutoff and table availability unknown.

Wonton Soup · food evidence, 27 Sep: Tom-yum wontons first; braised beef secondary. Specific Thai-diner testimony with contrary reports of adaptation, small portions and plain meatless soup. Proposed Mon 12 Oct about 17:30; kitchen last order and a table unconfirmed.

Wonton Soup — recorded route

Namu · food evidence, 27 Sep: Gimbap and tteokbokki have specific Korean-language support; casual bunsik, including enhanced instant ramyun. Korean alternative, outside the Thai/Vietnamese/Indian preference. Hours conflict; about 17:00 is tight if kitchen closes 17:30. Confirm before relying on it.

Namu — recorded route

Conditions: Included Gallis dinner remains separate; table time to arrange. Wonton Soup is the first external Asian proposal about 17:30. Namu is a Korean alternative about 17:00: hours conflict, and it is tight if the kitchen closes 17:30. Roka and Nili remain local alternatives.

Timing estimate: Selected ATV at 13:00 returns about 16:10 in the plan; the former 16:30 finish does not apply. Allow 35 min changing: Wonton Soup 12 min away gives about 16:57 readiness for proposed 17:30. Namu 10 min away gives about 16:55 readiness for a tight 17:00 meal if its kitchen closes 17:30. Confirm hours before relying on either.

Thaibaan permanently closed. Curry Masala removed for food-evidence reasons, not closure. Saigon closes before Saturday arrival and is closed Sunday/Monday.

New restaurant evidence recorded 27 Sep 2026; retained venue observations dated 24 Sep unless stated. Bangkokköket route: 26 Sep. Proposed timings; opening, kitchen and tables require confirmation. Evidence and limits

Thu 15 Oct 2026

Ruka · Aurora B. Lodge

Full Things-to-do list · Restaurants

The selected gravel day stays the plan; if it is called off, use Riisitunturi, Konttainen or the Karhuntassu / Tropiikki indoor fallback. The HoNS lakeside sauna is optional and not booked.

SELECTED

Gravel day — depart 07:15 → the lodge ~15:30 · Selected · no booking

Use the route box for the route, cut rules, weather choice and checkpoint timeline. No booking needed.

THE GRAVEL DAY · THURSDAY 15 OCT RULES FIN-01 KM 1633 → 1436 · 197 KM ON TRAIL · 26 TARMAC · 75 GRAVEL · 96 NO RECORD →

LINE **FIN-01 south along the border from the lodge** — 19 km of road to km 1633, then **the line 197 km down to Hossa** (km 1436, SEO fuel on the line) — the first half of the old 17 Oct alternative, now a day from the lodge — then **106 km of tarmac home** by 843 · 5 · 8692 (Digiroad: all tarmac) · 197 km of line (26 tarmac · 75 gravel · 96 no record) · fuel Ruka, Hossa

GO **Leave 07:15; on the line ~07:35** (no surface record at first; recorded gravel from ~07:55), first light 07:06. **At road 866 (km 1523, plan ~10:45) later than ~12:30 → road 866 home**, 74 km of tarmac, ~1.1 h. From Hossa it is tarmac — the margin sits on the road. Back ~15:30. The lakeside sauna (Thu 17:30, optional; guests at the venue by 17:15, ~15 min from Ruka) fits the plan, not a late day: from road 866 at the 12:30 cut you are home ~16:50. Car routers follow the whole line (checked 24 Sep).

ON FIN-01 km 1633, 19 km from the lodge CUT FIN-01 km 1523 on road 866 — later than ~12:30: 74 km of tarmac home
OFF FIN-01 km 1436 at Hossa (SEO fuel) → 106 km of tarmac home

DRIVE | 400 ~321 KM · 197 ON TRAIL · ~8.2 H

depart 07:15 · first light 07:06 on the line ~07:35 · gravel ~07:55 road 866 ~10:45 · the way off Hossa ~12:50 · fuel the lodge ~15:30 with the hour of stops last light 18:30 · 3.0 h in hand

CHECKED 26 SEP

Border zone: the line passes within about 7 m of the border-zone map edge at km 1533 (Nännävaarantie) — no crossing on the map (OpenStreetMap, not official). Stay on the road; a yellow border-zone sign or a boom means turn back. Road-866 figures: carrying on from road 866 at the 12:30 cut → home ~16:50; reaching road 866 later than 12:30 → road 866 home, 74 km of tarmac, ~1.1 h. If you detour to Julma-Ölkky: the operator recommends the 14 km route via Hossa Nature Centre (rough new gravel on the highway-5 approach, notice of 4 Aug); its car park has no winter maintenance.

Lentiira Holiday Village: dinner must be pre-booked

Lentiira Holiday Village: lakeside smoke sauna on request, ~75–80 € an hour for four — ask the heating time with the dinner

ALTERNATIVE ROUTE

TRAIL ALTERNATIVE · DECIDE AT DEPARTURE RULES → H7 · FIN-04 KM 1045 → 988 · 57 KM ON TRAIL · 29 TARMAC · 16 GRAVEL · 12 NO RECORD

LINE **Road 5 and road 912, 207 km of tarmac** by Kuusamo and Suomussalmi to where FIN-04 crosses 912 (km 1045) · **FIN-04 km 1045 → 988**, 57 km down the frontier to the Lentiira bridge — 35 km of gravel and unrecorded track to km 1010 (~16 gravel, ~11 no record, ~8 tarmac), then 22 km on the tarmac Vartius road — 6 km to the door · fuel Ruka, Suomussalmi (3 km off road 9150)

GO **Leave 10:30; on the line ~13:45. At the 912 crossing later than ~15:00, or the gravel doubtful → stay on 912** to Lentiira, 44 km (Digiroad: tarmac, ~2 km no record). The line runs near the Russian border and has not been checked against the border-zone boundary: a boom, a locked gate or a yellow border-zone sign means back to 912. The gravel comes last, on a short day. The Hossa border line is Thursday 15 Oct's gravel day; tomorrow's K1 starts at km 988.

ON FIN-04 km 1045 on road 912 (Kuhmontie) — later than ~15:00: stay on 912, 44 km

VIA FIN-04 km 1010 — the Vartius road (Kostamustie), tarmac from here

OFF FIN-04 km 988 at the Lentiira bridge → Holiday Village 6 km

DRIVE | 400 ~270 KM · 57 ON TRAIL · ~5.5 H

depart 10:30 on the line ~13:45 · road 912 Vartius road ~14:35 · tarmac Lentiira ~16:05 · check-in from 16:00
last light 18:23 · 2.3 h in hand

CHECKED 26 SEP

Update 26 Sep: checked against the border-zone map — no crossing; closest about 26 m at km 1018.6 (Veihtivaarantie / road 19308). Not official clearance: a yellow sign or a boom still means back to 912.

FORECAST Sat 17 Oct Lentiira — open once with a connection

Bear Centre next door: its dated products end 10 Oct; the cabin page says April–October. Nothing is shown for 17 Oct; ask only if it matters (+358 40 5469008).

check-in after 16:00

trail day tomorrow — depart 07:10: settle at check-in

Sat 17 Oct · Thai Herkku · proposed collection about 17:30; or Ravintola Kanteletar · proposed 18:30

Asian option · Thai Herkku · PROPOSED

★ 4.8 (42 reviews) · 35 min driving recorded · Saturday Maps 11:00–19:00; social-page mirror 12:00–18:00 (not independently accessible in verification). Confirm before driving. · proposed collection about 17:30

Early takeaway only; seating for four and kitchen cutoff unknown. Collection about 17:30 only if the recorded hours and actual arrival allow it.

Local option · Ravintola Kanteletar · PROPOSED

★ 4.5 (8 reviews) · 33 min driving recorded · Mon–Sat 17:00–21:00; Sun closed. · proposed 18:30

Regional-food match, current menu and kitchen cutoff unresolved; only 8 reviews.

Conditions: Thai Herkku: proposed takeaway collection about 17:30; 35 min drive. Maps Saturday 11:00–19:00 conflicts with a mirror saying 12:00–18:00; check before driving. Seating for four and kitchen cutoff unknown. Kanteletar is a conditional seated fallback; Holiday Village dinner requires advance arrangement.

Timing estimate: Trail arrival 16:05 / road 15:55. Allow 35 min changing plus 35 min driving: about 17:15 / 17:05 readiness. Collection about 17:30 is conditional on actual arrival and confirmed hours. Sauna heating and any smoke-sauna booking remain separate.

New restaurant evidence recorded 27 Sep 2026; retained venue observations dated 24 Sep unless stated. Bangkokköket route: 26 Sep. Proposed timings; opening, kitchen and tables require confirmation. Evidence and limits

ROUTE **912 to Kuhmo · 75 to Nurmes · road 6 south · Koli**, 205 km · leave 12:00, in ~15:10

DRIVE | 400 **205 KM · 3.2 H**

ALTERNATIVE ROUTE

TRAIL ALTERNATIVE · DECIDE AT DEPARTURE RULES → K1 · 254 KM ON TRAIL · 37 TARMAC · 24 GRAVEL · 193 NO RECORD

LINE **6 km to FIN-04 km 988, south 254 km** — Juntinvaara tower (949), Ruunaa rapids (745) — to km 734, 8 km from Lieksa · then **round the south of Pielinen**: road 73, the Ahveninen bridge, road 6, 504 and 5040 — 104.5 km (no ferry, no ice road in October) · fuel Lentiira / Kuhmo, Lieksa

GO **At Kivikiekintie, km 933 (56 km in), later than ~09:00 or with the line looking doubtful → cut**: road 9121, Kuhmo, Nurmes, road 6 — ~220 km, ~3.4 h of driving from the cut plus stops (09:00 → ~12:25, ~13:25 with an hour of stops; later at Kivikiekintie is later at

Koli). Decide here — the two stretches car routers will not follow (km 933–928 and 908–898) come next; a router avoiding them is not proof they are closed · fallback if the 17th ran long: FIN-01 past Kuhmo to Nurmes on the line, road 6 to Koli, in ~14:25.

ON FIN-04 km 988 at the Lentiira bridge VIA Ruunaa km 745
OFF FIN-04 km 734, 8 km NE of Lieksa → road 73, round the south of Pielinen by the Ahveninen bridge (no ferry, no ice road in October)
CUT Kivikiekintie, FIN-04 km 933 — west to road 9121, Kuhmo, Nurmes, Koli (220 km)

DRIVE | 400 ~365 KM · 254 ON TRAIL · ~9.5 H

depart 07:10 · first light 07:10 Ruunaa ~14:30 Lieksa ~14:50 · gravel done Koli ~16:45 · check-in from 16:00
last light 18:22 · 1.6 h in hand

CHECKED 26 SEP

Map check 26 Sep: the two stretches car routers avoid (km 933–928 and 908–898, incl. Vasamantie) are mapped with a dirt surface, the roughest track grade and as Kuhmo's permit-controlled snowmobile route — car access unconfirmed; a snowmobile permit is not car permission. About 600 m of the line runs on the edge of the border-zone map. At 25 km/h on the gravel instead of 35, the full line would end around 19:10, after dark. The road is the plan; decide at Kivikiekintie (km 933).

FORECAST Thu 22 Oct Rantasalmi — open once with a connection

OPEN-METEO · NO FORECAST ON THIS DEVICE YET · FMI RANTASALMI ↗

Thu 22 Oct · PrarichatThaijuva (Juva Thai) · proposed about 17:00; 22 Oct only with an early boat return; or Restaurant Solitary · to confirm

Asian option · PrarichatThaijuva (Juva Thai) · PROPOSED

14 reviews recorded 27 Sep; rating not rechecked · 40 min driving recorded · Tue–Fri 10:30–18:00; Sat–Sun 11:00–18:00; Mon closed. · proposed about 17:00; 22 Oct only with an early boat return

Exactly 40 min at the drive ceiling; use only if the actual journey remains within it. Closes 18:00; kitchen cutoff unknown. 22 Oct depends on an early boat return; 23 Oct is easier.

Local option · Restaurant Solitary · PROPOSED

★ 4.7 (246 reviews) · on site; journey not measured · Tue–Sat 17:00–23:00; Sun–Mon closed. · to confirm

Tasting-menu start times and table availability unknown; on-site internal walking time not measured.

Conditions: PrarichatThaijuva (Juva Thai) is an early-meal proposal for 22–23 Oct only: exactly 40 min at the limit, closes 18:00. The refreshed 27 Sep evidence records 14 reviews; the older rating remains dated separately. Solitary is the on-site later alternative; tasting-menu start unconfirmed.

Timing estimate: The selected Oravi boat taxi from Järvisydän has no confirmed departure or return. Juva about 17:00 requires an early boat return and readiness for about 16:00 departure; the 40 min drive is exactly the limit. Do not rely on this meal until the boat schedule

is known.

New restaurant evidence recorded 27 Sep 2026; retained venue observations dated 24 Sep unless stated. Bangkokköket route: 26 Sep. Proposed timings; opening, kitchen and tables require confirmation. Evidence and limits

DATE	LEG	KM	HOURS	NOTE
	TOTAL · road plan	**3495**		Google Maps road km, fastest route, 10–11 and 17 Sep 2026 — Koli → Rantasalmi at the drawn corridor's ~220 km and Granö → Harads with the Gammelstad detour since 23 Sep (27 Sep re-routed from the Stockholm hotel on 21 Sep — 3,446 with the old 343 km Arlanda leg); includes the 43 km return leg on 25 Oct and the Lentiira split (250 + 205). The trail options — eight alternatives and four base-day lines — are in the table below; day trips excluded

TRAIL ALTERNATIVES

SWEDEN 28 SEP – 2 OCT · FINLAND 4 – 18 OCT · PAVED IS THE PLAN · GRAVEL IS THE OPTION · CHOSEN AT DEPARTURE

Adam, 10 and 17 Sep: on every driving day from Sundsvall on, the paved route is the plan on the card and the TET line is an **alternative**, decided on the morning — first the three Swedish transfer days on S-07, S-07 + S-06 and S-16 and the saved S-06 line from the gate to Arvidsjaur on 1 Oct, gravel first (881 km of trail, measured from *Sweden TET.gpx*, 137,747 track points), then the eight Finnish ones. Kilometres from the 2026 *Finland TET.gpx* and *Sweden TET.gpx*, summed point to point — floors where the file is drawn coarsely; road links from Google Maps (fastest route, 10–11 Sep 2026; the 1 Oct roads from OSRM, 23–24 Sep). Hours at 35 km/h on recorded gravel or unrecorded track and 65 on recorded tarmac, + 1 h of stops, from first light — surfaces from Trafikverket NVDB and Digiroad, sampled about every kilometre on 22–23 Sep (the 8, 13, 15 and 17 Oct lines on 24 Sep) — up to ~6 km apart where the GPX is drawn coarsely, so since v1.30 each sample counts for the stretch around it: of the 2,232 km of line, ~640 km reads paved, ~1,060 km gravel, ~532 km with no record. The road plans' hours are driving time with no stop allowance (the road-leg convention); add an hour before comparing. Full working: *analysis/Surface_Verification_v1.2.md*, *analysis/TET_Eastern_Corridor_v1.6.md* (Sweden), *analysis/TET_Finland_Legs_v2.2.md* and *analysis/Map_Verification_v1.6.md*; the Swedish switch: *analysis/Paved_First_Sweden_v1.0.md*.

DAY	PAVED PLAN	ALTERNATIVE	TRAIL · ROAD	HOURS	ARRIVE · LIGHT	GO / NO-GO
28 SEP	116 · 1.9	**S-07** from the Sundsvall hotel door to Ullånger (km 649), 12 km of road to Docksta	252 · 13	~6.8	~13:20 19:14	the calibration day — under 35 km/h, road on the 29th; fuel Timrå · Viksjö · Mjällom · Ullånger
29 SEP	191 · 3.2	**S-07 + S-06** road to Ullånger, S-07 to its end, S-06 backwards to km 739, road to Granö	282 · 47	~9.3	~15:50 19:07	km 739 by ~15:00 · check-in to 21:00, tell them the time; escape 16 km of road off the line at km 756 to Vännäs, then the E12 to Umeå and the E4
01 OCT	base day	**S-06 km 228 → 452** the saved line reversed, gravel first from the gate; Storforsen ~30 min; 175 km home from Arvidsjaur (~11 km gravel)	224 · 186	**~10.3**	~16:50 18:56	Moskosel later than ~11:45 (plan ~10:45) → home from there, 127 km (~45 gravel); Vidsel the early way out, 54 km
02 OCT	279 · 4.8	**S-16** road 97 to Murjek, S-16 to Hakkas, road via Gällivare	123 · 213	~7.6	~14:10 18:54	two paid nights waiting — the road via Gällivare is the surest way in
04 OCT	307 · 4.9	**A′** S-16 Masugnsbyn → Muonio border, road 79 to Levi	187 · 178	~7.9	~15:25 FI 19:29	Lainio ferry running — village association, not Trafikverket
07 OCT	214 · 4.0	**B** FIN-01 to the FIN-07 junction, FIN-07 via Pokka to Inari	200 · 50	~6.1	~13:10 19:06	Köngäs → FIN-01 link checked on the map
08 OCT	base day	**FIN-07 km 667 → 790** from Aurora Village — Inari, Angeli, the Inarijoki to Karigasniemi, 139 km home by roads 92 and 4	123 · 181	**~6.8**	~14:55 19:01	Angeli later than ~13:00 → back the way you came, 103 km (~33 gravel)
11 OCT	base day	**FIN-07 km 277 → 468** from Glass Resort — the line north first, 179 km of tarmac home by roads 80 and 79	191 · 183	**~8.8**	~16:20 18:58	Kierinki later than 12:30 (plan ~11:00) → home from there, 116 km by 952 · 934, ~27 km gravel; Meltaus the early way out

DAY	PAVED PLAN	ALTERNATIVE	TRAIL · ROAD	HOURS	ARRIVE · LIGHT	GO / NO-GO
13 OCT	199 · 3.1	**D** FIN-07 south from the resort to Ranua (km 277 → 135), gravel first; tarmac to Ruka by Posio	142 · 158	~6.8	~14:10 18:38	road 81 at km 231 later than ~11:45 → 156 km of tarmac to Ruka · fuel Rovaniemi, Ranua, Posio
15 OCT	base day	**FIN-01 km 1633 → 1436** from the Ruka lodge — down the border to Hossa, 106 km of tarmac home	197 · 124	~8.2	~15:30 18:30	road 866 (km 1523) later than ~12:30 → 74 km of tarmac home
17 OCT	250 · 3.8	**H7** road 5 and 912 to FIN-04 (km 1045), FIN-04 into Lentiira	57 · 213	~5.5	~16:05 18:23	at the 912 crossing later than ~15:00 → stay on 912, 44 km
18 OCT	205 · 3.2	**K1** FIN-04 to Lieksa (Ruunaa), then road round the south of Pielinen to Koli · fallback K2, 150 km, 7.2 h	254 · 111	~9.5	~16:45 18:22	cut at Kivikiekintie, km 933 (56 km in) — road 9121 · Kuhmo · Nurmes · Koli; no lake crossing in October
		all twelve taken	2,232 km	Sweden 881 km (the 1 Oct line's 224 among them), Finland 1,351 km (the 8, 11 and 15 Oct lines' 123, 191 and 197 among them) — ~640 km recorded paved, ~1,060 km recorded gravel, ~532 km with no record; Koli → Rantasalmi on 21 Oct has no line worth the detour; the ICEHOTEL → Levi Pallas piece and the Levi loop are on the base cards; the Ivalo, Rovaniemi and Ruka lines are the 8, 11 and 15 Oct base days	

Fuel on the Swedish lines, in order: Timrå · Viksjö · Mjällom · Ullånger · Skorped · Trehörningsjö · Norrfors · (Rödåsel, on the Vindeln extension only) · Lycksele and Arvidsjaur on the road · Moskosel · Vidsel · Nattavaara (8 km off) · Hakkas. Longest gaps on the line: Viksjö → Mjällom 109 km on 28 Sep, Norrfors → the Granö turn-off 75 km on the 29th. Nothing exceeds a tank; fill at Ullånger (before the hotel road to Docksta), Granö or Lycksele, and Arvidsjaur regardless.

TURN-BACK RULE, on any trail day taken. If by midday the trail is running slow — surface worse than expected, a section closed, a vehicle in trouble — drop to the road for the rest of the day: the E4 shadows S-07 and the southern S-06 from Härnösand to Umeå, road 363 and the E12 from Granö, road 97 from Harads. On 2 October do not hesitate: two paid nights at ICEHOTEL are waiting, and the road via Gällivare is the surest way in.

DAYLIGHT

LOCAL TIME · ASTRAL

DATE	POSITION	FIRST	RISE	SET	LAST
27 SEP	Sundsvall	06:02	06:48	18:35	19:20
30 SEP	Harads	05:52	06:44	18:07	18:59
03 OCT	Jukkasjärvi	06:01	06:57	17:54	18:50
06 OCT	Levi	06:55	07:51	18:25	19:21
09 OCT	Ivalo	06:55	07:53	17:59	18:58
12 OCT	Rovaniemi	07:11	08:05	18:01	18:55
16 OCT	Ruka	07:09	08:04	17:33	18:27
17 OCT	Lentiira	07:07	07:57	17:33	18:23
20 OCT	Koli	07:13	08:02	17:27	18:16
23 OCT	Rantasalmi	07:26	08:13	17:28	18:15
24 OCT	Rantasalmi · depart	07:28	08:16	17:25	18:12
24 OCT	Turku · arrive	07:49	08:34	17:55	18:40

On the sealed legs, light is not the constraint — distance is; even the shortest day gives close to 11 h between first and last light. **On the trail days nothing is assumed about pace**, which is why they start at first light and carry a turn-back rule.

⌖ **MAP searches Google Maps by name and address**, so it lands on the property's own listing — directions, phone, hours — rather than on a coordinate. **Download the offline area in Google Maps before you go**: these links need a signal to open, and the trail days largely have none.

INCLUSIONS

PROPERTY	MEALS	ROOMS	CHECK-IN
Ett Hem	Breakfast, 2 per room	2 suites	from 15:00
Home Hotel Grand	Breakfast + dinner	2 deluxe double	15:00–23:00
ICEHOTEL	Breakfast + entry	2 Kaamos Deluxe	–
Northern Lights Ranch	Breakfast	2 Sky View cabins	16:00

PROPERTY	MEALS	ROOMS	CHECK-IN
Aurora Village	Breakfast + dinner	2 cabin suites	16:00–21:00
Glass Resort	Breakfast + dinner	1 apt, all four	15:00–00:00
Aurora B. Lodge	Self-catering	Whole house	15:00
Break Sokos Koli	Breakfast	2 junior suites	16:00
Kuru Resort	Breakfast	2 lake suites	15:00–22:00
Ferry	Breakfast carried from booking; Happy Lobster table 19:30 booked, prepaid food unconfirmed	2 balcony suites	18:30 port

Lentiira, 17 Oct — booked for two adults in one chalet: extra beds or a second chalet for four, linen and towels ×4 (or pack them), and dinner, all to be arranged with the property in advance; the kitchen there is limited. Koli's new confirmation (18–21 Oct) shows one adult per room — re-correct to four. Other bookings may sit under a single lead name — the booking numbers are below; **PINs and airline references are deliberately not on this page** — Adam holds them.

Aurora — conditions permitting · Harads · Jukkasjärvi & Kiruna · Levi · Ivalo · Saariselkä · Inari · Rovaniemi · Ruka & Kuusamo · Koli · Rantasalmi & Savonlinna · On the trail days

Dinner — every evening

THINGS TO DO

Selected plans and proposals are separate. Check dates describe the recorded evidence, not availability today. Each full entry keeps its conditions. Dinner suggestions are conditional, with included or reserved meals shown first.

BOOK-BY DATES

PRODUCT	DEADLINE / REMINDER	ACTION AND CONDITIONS

Verified · Evidence and limits

The S-06 line, 1 Oct — the gravel day (selected: the saved S-06 route, S-06 km 452 → 228 — 224.1 km by the file, 224 in the roadbook (225 before v 1.30) — driven reversed, gravel first; estimates: routing, the GPX and Trafikverket road register, 22–24 Sep). 11 km of road to the gate at km 228 (~6 km gravel), then the line south-west: Vidsel (km 281, fuel), Storforsen (km 294, on the line — ~30 min at the rapids inside the hour of stops, the only visit; the Döda fallet walk, 1.4 km, is not in it; the old "5 km off at km 260" was wrong), Moskosel (km 372, fuel), Arvidsjaur (km 452, lunch, fuel) — then 175 km home by 94, Älvsbyn, 356, BD 683 and 97 (road register 166 samples, 155 paved, 11 gravel). 224 km of trail (~15 tarmac · ~208 gravel · ~1 no record), 410 km in all, ~225 km of it recorded gravel; driving ~9.3 h + 1 h of stops, 06:30 → ~16:50, last light 18:56. Exits (routed and sampled 24 Sep): Moskosel later than ~11:45 → home by E45 · 374 · BD 668 · BD 682 · 97, 127 km, ~45 gravel, ~2.6 h — or E45 to Arvidsjaur (55 km, ~4 gravel) and the tarmac home, ~3.7 h; Vidsel → home 54 km, ~42 gravel, ~1.4 h. The shorter way home from Arvidsjaur, BD 660 · 668 · 682, is 141 km with ~47 km of gravel — the same ~2.8 h. Corrected 24 Sep: v 1.24's late exit, "Moskosel → E45 · 374 · Älvsbyn home on tarmac, 206 km", had never been surface-sampled. Set aside on 23 Sep: the S-06 + S-16 loop of v 1.18 (220 km, ~155 gravel, 7.4 h) and the other sampled shapes considered previously. Storforsen (Länsstyrelsen Norrbotten, 23 Sep): a large car park, ploughed in winter; toilets, a shelter and fireplaces listed; "däckspång leder ut mot forsen" — the boardwalk to the rapids; "branta stup … klipphällarna kan vara hala när de är våta" — cliffs, slippery rock when wet; no fishing, fires only at the fireplaces; a fee is not mentioned. Hotell Storforsen (storforsen.se, 23 Sep): lunch buffet every day 12–14, SEK 152 — the line now passes at ~08:35, before it opens; à la carte Mon–Sat 18–21:30, Sun 17–19:30, booking required. lansstyrelsen.se storforsen.se

Hotell Fjället is the named start-area reference; permission to park remains unverified.

Uncertain · Evidence and limits

3 October: Björkliden – Gohpasvággi (valley and stream) Gohpasvággi main SELECTED; Kiruna hills, close to the hotel: Luossavaara "Midnattssolsstigen" local Midnight Sun Trail shorter SELECTED. Björkliden – Gohpasvággi (valley and stream):6.8 km/309 m is an unconfirmed AllTrails route; fixed turnaround is the Gohpasjohka plateau about 3 km return. 121 km each way by E10; allow 1 h 50–2 h 05 each way. Leave 07:30; walk 09:35–09:50; turn by 11:30; car 12:35–13:50, latest 14:15; hotel 14:40–16:10, worst 16:35. Kiruna hills, close to the hotel: Luossavaara "Midnattssolsstigen":4.3 km one way, two-car shuttle, endpoint pin unknown, start walking by 13:00; whole outing 3½–4½ h estimated. Trollsjön via Kärkevagge (boulder valley, the most dramatic) Trollsjön remains an optional long day: 138 km each way, allow 2 h–2 h 15; approximately 12 km return (AllTrails 11.7 km/442 m), 5–6 h; leave 07:00, walk 09:15–09:30, turn by 12:00, hotel 16:30–18:00. Guided Kåppasjokk caves walk remains an optional separate 5 km/100 m outing, 14–18, SEK 795, Thursday/Saturday through 3 October; ENQUIRY. Do not combine the two mountain hikes as the default. Trail alerts, parking permission and October footing remain unverified. Hotell Fjället restaurant and Aurora Sky Station/chairlift autumn operation remain unverified; they are not selected plans. The older operator description places the plateau about 1.5 km in, with about 1.5 km more to a waterfall. That further leg is not the selected turnaround and the full route remains uncertain.

Hotell Fjället, Björkliden · More information · More information · More information

Guided Kappasjokk caves walk

PROPOSED · ENQUIRY · Sat 3 Oct · as of Wed 23 Sep; current availability unconfirmed.

5 km/100 m, 14–18, SEK 795, Thu/Sat through 3 Oct; separate alternative, not combined with chosen mountain day. Hotell Fjället is cited for Björkliden – Gohpasvággi (valley and stream) parking; the caves-walk meeting point is unconfirmed.

Action: Confirm date, terms and fit with chosen main before relying on this optional service. No deadline published.

Action: Follow the route, cut rules and weather choice; no booking action. No deadline published.

Verified · Evidence and limits

The FIN-07 line north of Inari, Thu 8 Oct — the gravel day (selected, in place of the old Vuotso FIN-01 loop; estimates — routing, the GPX and road register, 24 Sep). 41 km of road 4 to Inari; the line from the Siida door (km 667) west on Angelintie (road 9553; the first ~26 km tarmac, ~3 km of it no record) to Angeli (km 728) and north along the Inarijoki — the Norwegian border river — to Karigasniemi (km 790); home by roads 92 and 4, 139 km (tarmac, ~2 km no record). 123 km of trail (~35 tarmac · ~81 gravel · ~7 no record), 304 km in all; driving ~5.8 h + 1 h of stops, 08:00 → ~14:55, last light 19:01; an hour at Siida on the way home (last tickets 16:15) → ~15:55. Way off: at Angeli later than ~13:00 → back the way you came, 103 km (~33 gravel), ~2.0 h. Road condition: drivers' forum reports 2006–2021 disagree, washboard to fairly good — look at the road 9553 camera ↗ the night before; gates mapped in OSM within ~60 m of the line near km 686, 757, 767, 783 and 786 — on the road or not, open or locked: unknown. Fuel Inari, Karigasniemi. Not the border zone — that is Inari's Russian side. Replaced: the old Vuotso loop, FIN-01 east of the E75 south of Vuotso and back — 88 km of trail after ~105 km of road, 6.6 h.

The FIN-07 line, Sun 11 Oct — the gravel day (selected: the line that was the 10 Oct trail alternative, driven whole as a day from the base, gravel first; estimates — routing, the GPX and road register, 22–24 Sep). 4 km of road 81 to FIN-07 km 277, then the line north with its numbering: Ounasvaara (km ~280 — the first ~13 km read tarmac; no record from about km 290, recorded gravel from about km 302), east of Meltaus (km 344), Kierinki (km 409, fuel), to km 468 on road 80 — then 179 km of tarmac home by roads 80, 79 and 934, 161 of 161 samples paved. 191 km of trail (~38 tarmac · ~50 gravel · ~103 no record), 374 km in all — ~50 km of it recorded gravel, ~103 km with no record; driving ~7.8 h + 1 h of stops, 07:30 → ~16:20, last light 18:58. Exits: at Kierinki later than 12:30 (plan ~11:00) → home from there, 116 km by Kieringintie, 952 and 934 — ~88 km paved, ~27 km gravel, ~2.1 h of driving from Kierinki (leave at 12:30 → ~14:40); Meltaus (km 344) → home 69 km, ~12 km gravel or unrecorded. An older instruction gave the Kierinki exit as "road 79, 115 km" — it is roads 952 and 934 with gravel. The day replaces the old Kierinki loop (the northern half, 133 km of line); the ATV moves to Monday 13:00. Use the distances and cut rules above; the older escape instruction is superseded.

Recorded detail — Reindeer on the roads are a year-round hazard on every unfenced road, worst at dusk — slow right down, they move in groups, and a collision must be reported · current availability unconfirmed — More

Reindeer on the roads are a year-round hazard on every unfenced road, worst at dusk — slow right down, they move in groups, and a collision must be reported. Seeing them on the trail is a separate matter: unlikely in September, the herds are still high.

Verified · Evidence and limits

METHOD AND EVIDENCE

Verified means transcribed from the pinned source, not a new field check. Likely marks an estimate or proposal; uncertain marks unresolved conditions. Sources: Activities Choice Menu v1.1; Restaurant Shortlist v1.1 and its recorded 24 September Google Maps evidence; the v1.31 baseline for carried facts. Per-entry observation dates and qualifications remain authoritative. A stay booking does not establish an activity booking or dinner sitting. Name-search links do not establish exact navigation destinations.

Seen on the operator's own page or booking calendar on 23 Sep — price, hours or an open date for our day. Still re-check the week before: seasons slip.

Operator page, but not confirmed for our date — the season or the day was not checked, or the information is from the 7 Sep run. Confirm before counting on it.

No reachable source — the site was down or unreadable; the thing may well exist. Ask locally.

Closed or not running on our dates, stated by the operator.

Finnish local time is one hour ahead of Sweden during the trip; at the border move watches one hour forward. Carry a headlamp per person; aim to be off trails an hour before last light.

Verified · Evidence and limits

No web discovery or live availability check in this turn; 23/24 September observations remain their original observation dates.

Current weather, access, parking permissions, service slots and restaurant kitchen cutoffs are not established by a transcription or mechanical gate.

Omitted menu option: Rumakuru gorge circle: not a default. Corrected activity itineraries supersede their historical versions; driving figures remain fixed. Full occurrence dispositions and source locations accompany this candidate in the build evidence.

RESTAURANTS

Dinner choices for each evening, with recorded ratings, journeys and service hours.

Maps observations: 24 Sep 2026; updates checked 27 Sep 2026. Each entry retains its own observation date. Ratings are not quality guarantees; a listed close is not a kitchen cut-off. Tables are unconfirmed unless marked BOOKED TABLE.

Check-in time is not a restaurant hour. · proposed 18:30 Exact 29 September dinner service, current menu and reservation requirements remain unverified through Maps. Cannot treat the lodge booking as a dinner reservation. **Local option · Restaurant Wild River · PROPOSED** ★ 4.8 (313 reviews) · 24 min driving recorded · Hours absent from Maps. · sitting to confirm Opening hours and current reservation requirement unknown; old owner replies are not a current guarantee. **Conditions:** Asian coverage gap. Both lodge restaurant and Wild River conditional because dinner-service hours unestablished. Arrange lodge meal on request; 18:30 is only a proposal. **Timing estimate:** longer trail arrival can be 17:30; on-site 18:30 remains possible only after lodge confirms service. Optional 3–4 h dusk moose safari conflicts and requires rearranging dinner. Tittis Thai permanently closed; no supported target-cuisine dinner. Granö Beckasin dinner operates on request outside June–August. New restaurant evidence recorded 27 Sep 2026; retained venue observations dated 24 Sep unless stated. Bangkokköket route: 26 Sep. Proposed timings; opening, kitchen and tables require confirmation. Evidence and limits

Granö Beckasin — on-site restaurant

More — conditions and evidence

Conditional · Local Swedish; menu not current

Recorded hours: Restaurant dinner hours absent from the inspected Maps hotel listing. Check-in time is not a restaurant hour.

Limits: Exact 29 September dinner service, current menu and reservation requirements remain unverified through Maps. Cannot treat the lodge booking as a dinner reservation.

Review evidence: Combined hotel score, not a restaurant rating. Ten newest Google reviews through about one month include praise for well-cooked food and a limited/pricey menu. Ten critical excerpts include older price/food/service complaints. Four English dinner-search results and ten Scandinavian middag results establish dinner history; most detailed meal reports are older.

Recorded journey: min On site; observation . Journeys and service require rechecking.

Restaurant observations: 2026-09-24T20:32:32Z.

Included · Gallis — Glass Resort

No standalone rating recorded · on site · journey not measured

Dinner is included in the booking (not independently rechecked). Reserve the dinner table; table time to arrange. Baseline Gallis hours 17:00–23:00; confirm the rate/table at check-in.

Asian option · Wonton Soup · PROPOSED

★ 4.7 (75 reviews) · 12 min driving recorded · Mon–Sat 11:00–19:00; Sunday closed · proposed about 17:30

Proposed Mon 12 Oct about 17:30; kitchen last order and a table unconfirmed.

Korean alternative · Namu · PROPOSED

★ 4.9 (222 reviews) · 10 min driving recorded · Maps Mon–Fri 11:00–18:00, Sat 12:00–18:00, kitchen to 17:30; centre Mon–Fri to 21:00, Sat to 20:00; Sunday closed · proposed about 17:00; tight if kitchen closes 17:30

Korean alternative, outside the Thai/Vietnamese/Indian preference. Hours conflict; about 17:00 is tight if kitchen closes 17:30. Confirm before relying on it.

Local option · Restaurant Roka Street Bistro · PROPOSED

★ 4.6 (2507 reviews) · 11 min driving recorded · Mon–Fri 11:00–22:00; Sat 12:00–22:00; Sun 12:00–21:00. · proposed 19:00

Queues, kitchen cutoff and table availability unknown.

Local option · Nili Restaurant · PROPOSED

★ 4.5 (3060 reviews) · 12 min driving recorded · Mon–Fri 16:00–23:00; Sat 14:00–23:00; Sun closed. · proposed 19:00

Menu format may change; current kitchen cutoff and table availability unknown.

Wonton Soup · food evidence, 27 Sep: Tom-yum wontons first; braised beef secondary. Specific Thai-diner testimony with contrary reports of adaptation, small portions and plain meatless soup. Proposed Mon 12 Oct about 17:30; kitchen last order and a table unconfirmed.

Wonton Soup — recorded route

Namu · food evidence, 27 Sep: Gimbap and tteokbokki have specific Korean-language support; casual bunsik, including enhanced instant ramyun. Korean alternative, outside the Thai/Vietnamese/Indian preference. Hours conflict; about 17:00 is tight if kitchen closes 17:30. Confirm before relying on it.

Namu — recorded route

Conditions: Included Gallis dinner remains separate; table time to arrange. Wonton Soup is the first external Asian proposal about 17:30. Namu is a Korean alternative about 17:00: hours conflict, and it is tight if the kitchen closes 17:30. Roka and Nili remain local alternatives.

Timing estimate: Selected ATV at 13:00 returns about 16:10 in the plan; the former 16:30 finish does not apply. Allow 35 min changing: Wonton Soup 12 min away gives about 16:57 readiness for proposed 17:30. Namu 10 min away gives about 16:55 readiness for a tight 17:00 meal if its kitchen closes 17:30. Confirm hours before relying on either.

Thaibaan permanently closed. Curry Masala removed for food-evidence reasons, not closure. Saigon closes before Saturday arrival and is closed Sunday/Monday.

New restaurant evidence recorded 27 Sep 2026; retained venue observations dated 24 Sep unless stated. Bangkokköket route: 26 Sep. Proposed timings; opening, kitchen and tables require confirmation. Evidence and limits

Curry Masala

Saravanaa Bhavan

More — conditions and evidence

Conditional · Indian vegetarian

Recorded Maps rating 4.6 / 5 · 5241 reviews; observed 2026-09-24T19:51:28Z.

Recorded hours: Daily 09:00–22:30.

Limits: Kitchen cutoff, actual flight confirmation and taxi availability unknown; deletion notice is Maps evidence, not proof of wrongdoing.

Review evidence: Recent food praise but repeated rude-service reports and some poor dishes. Maps explicitly displays 51–100 reviews removed due to defamation complaints; rating therefore needs that context.

Recorded journey: 16 min taxi; observation 2026-09-24T19:56:20Z. Journeys and service require rechecking.

Restaurant observations: 2026-09-24T19:51:28Z.

Saravanaa Bhavan

Lai — The Essence of Vietnam

More — conditions and evidence

Conditional · Modern Vietnamese

Recorded Maps rating 4.7 / 5 · 104 reviews; observed 2026-09-24T19:54:12Z.

Recorded hours: Mon–Fri 11:30–22:00; Sat–Sun 12:00–22:00.

Limits: Kitchen cutoff and flight confirmation unknown; modern rather than traditional style.

Review evidence: Mostly positive recent atmosphere/food/service. Recurring contrary comments describe bland Westernised flavours, high prices and small portions.

Recorded journey: 18 min taxi; observation 2026-09-24T19:56:21Z. Journeys and service require rechecking.

Restaurant observations: 2026-09-24T19:54:12Z.

Lai — The Essence of Vietnam

Recorded route

Thong Thai — Frankfurt Airport

More — conditions and evidence

Conditional · Thai

Recorded Maps rating 4.3 / 5 · 437 reviews; observed 2026-09-24T19:17Z.

Recorded hours: Daily 10:00–22:00.

Limits: Kitchen cutoff and explicit public/airside boundary not established by Maps; flight is still marked to book.

Review evidence: Mixed recent food feedback, including bland fried rice; service complaints in critical sample. A 2-week review locates it on level 0 opposite McDonald's, next to KFC.

Recorded journey: 6 min walking; observation 2026-09-24T19:46:14Z. Journeys and service require rechecking.

Restaurant observations: 2026-09-24T19:17Z.

Thong Thai — Frankfurt Airport

Recorded route

Paulaner in the Squaire

More — conditions and evidence

Conditional · German/Bavarian, not specifically Hessian

Recorded Maps rating 4.1 / 5 · 1106 reviews; observed 2026-09-24T19:16Z.

Recorded hours: Daily 11:00–22:00.

Limits: Kitchen cutoff and explicit security/access rules absent from Maps; walking route and station location support public-area access, not a security guarantee.

Review evidence: Recent sample mostly positive, with a dry-steak complaint; critical reviews repeatedly mention greasy schnitzel and rude service. Recent review places it above the railway station.

Recorded journey: 9 min walking; observation 2026-09-24T19:45:45Z. Journeys and service require rechecking.

Restaurant observations: 2026-09-24T19:16Z.

Evidence and limits

WEATHER THE NEXT 15 DAYS · THE STATION RECORDS · KIT

FORECAST AT EACH BASE · AS FAR AS THE MODELS SEE, ABOUT 15 DAYS

OPEN-METEO · NO FORECAST ON THIS DEVICE YET · TAP TO REFRESH

DATE	BASE	HIGH / LOW °C	PRECIP MM	SNOW CM	WIND · GUSTS M/S	SKY	OFFICIAL PAGE
No forecast on this device yet — open the page once with a connection.							

A planning overview, not route weather: one Open-Meteo request (its best-match model) for the fourteen villages, made when the page is opened or brought back with a connection and the saved answer is more than an hour old, or when the stamp above is tapped. The answer is kept on this device, so with no signal the page shows the last forecast it saw, with its age; older than a day it is dimmed. **High / low** are the warmest and coldest hours of that calendar day at the village point (the low usually falls before dawn); **precip** is the day's total as water, snow separately as fallen depth; wind is the day's strongest, gusts beside it. The point is the village or resort centre — Ruka, Levi and Koli figures are the settlement, not the fell top. **This page carries no warnings.** The official page for each place — SMHI in Sweden, FMI in Finland — is linked in the last column and on every card; check it when there is signal. The station records below are the baseline (up to thirty Septembers and Octobers, sample sizes on the table); the forecast is what the next two weeks look like.

CLIMATE RECORDS

SMHI · FMI STATION RECORDS 1996–2025 · ERA5 WIND · NOT A FORECAST

What the last thirty Septembers and Octobers did on these exact dates at the nearest weather station to each base — day and night means, the cold night to plan for, how often the ground was frozen, wet or snow-covered, and the daylight. Use it to pack and to set the rules below; use the SMHI / FMI forecast to decide on the day. Sample sizes vary (Ruka valley 18 years, Sorsele 22, most 28–30); the full tables, sources and method are in *Weather_Climate_Normals_v3.1* in the project folder.

Re-route, 9–10 Sep: the trail days now run Ullånger · Granö · Harads, not Strömsund · Sorsele · Jokkmokk; their station rows are below (run 10 Sep), the old three stay for reference, marked off route. The Ullånger and Harads temperature stations sit inland and higher than the hotels (Västmarkum A, 141 m; Lakaträsk A, 185 m), so their frost figures are on the cold side for a village by the water; Granö's station (Vindeln-Sunnansjönäs, 237 m) is a like-for-like inland site.

41–58 %	**−7.6 °C**	**65 %**	**9.4 h**
nights below 0 °C, Jukkasjärvi → Koli	coldest 1-in-10 night (Saariselkä)	of years with snow on the ground at Ruka, 13–17 Oct	of sun on 25 Oct, down from 11.9 h on 26 Sep

25–26 Oct	**Stockholm**	8.5	3.1	−3.4	24 %	0 %	35 %	6 %	–	16

How to read it. Day / Night are mean daily maximum and minimum. The **1-in-10 night** is the 10th-percentile minimum — one night in ten is at least that cold, so expect about three over 29 nights, in runs. **Stay met ≤ −5** is the share of past years in which a stay on these exact dates included a night at or below −5 °C. **Rain → freeze** is ≥ 1 mm on a day above 0 °C followed by a night at or below 0 °C — the black-ice set-up, an upper bound not an ice count. **Snow yrs** is the share of years with snow on the ground at the station on at least one morning of the stay (Kiruna's series has a 1994–2021 gap; Sorsele has nine years). **Gust p90** is the 90th-percentile daily peak gust, ERA5 valley grid — summits are windier. **Light** is civil dawn to civil dusk on the mid-date.

THE FELL TOPS

SUMMIT STATIONS · TEMPERATURE ONLY

HIKE	SUMMIT STATION	DAY	NIGHT	1-IN-10 NIGHT	NIGHTS ≤ 0	DAYS NEVER ABOVE 0	RECORD LOW
Levi	Muonio Sammaltunturi, 565 m · 35 km from Levi	3.4	−0.1	−4.3	51 %	17 %	−6.5 (2009)
Saariselkä	Kaunispää, ~430 m · above the trailheads	3.1	−0.7	−5.2	60 %	21 %	−9.4 (2009)
Ruka	Rukatunturi, ~490 m · the Ruka summit	1.6	−1.6	−5.4	71 %	39 %	−11.6 (2002)
Koli	no summit station — nearest series is Lieksa Lampela, 27 km away and lower; forecast-only	–	–	–	–	–	–

Summits run −1.4 to −2.9 °C colder than their valley by day and about the same at night — what they add is wind and cloud. Rukatunturi stays below zero all day on 39 % of days in the window; Kaunispää on 21 %.

WIND CHILL AND FROSTBITE

ENVIRONMENT CANADA INDEX

On a 1-in-10 night with that day's gust, the index from Jukkasjärvi onward runs **−8.7 to −13.6** — Environment Canada's **moderate** band (−10 to −27: hypothermia and frostbite risk if outdoors for long periods without adequate protection). Nothing in thirty years of records reaches the **high** band (−28 and below, where exposed skin freezes in 10–30 minutes); the nearest is a summit scenario at about −24.2 at Ruka. Frostbite needs air below 0 °C — it is a summit-in-wind problem here; what arrives first everywhere is **numb hands**, and the wet-cold band every base sits in is where hypothermia actually happens (CDC: possible above 4 °C when wet).

Fell-hike ladder — forecast summit wind chill: ≤ −10 → shorten, add layers, hard turnaround · ≤ −18 → valley walk instead · ≤ −28 → no exposed ground. The −10 and −18 steps are our own; −28 is the cited band.

RULES FROM THE NUMBERS

ANY ONE TRIGGER → THE SAFER OPTION · PROPOSALS, NOT AUTHORITY

DECISION	TRIGGER – ANY ONE	SAFER ACTION
Trail day vs the road every trail option — the alternatives on 28 · 29 Sep and 2 · 4 · 7 · 13 · 17 · 18 Oct, the base-day lines on 1 · 8 · 11 · 15 Oct · decide the evening before, re-check at departure	rain today **and** tonight's forecast minimum ≤ 0 °C · ≥ 10 mm in 24 h or ≥ 20 mm in 72 h · rain forecast for the trail hours · snow forecast on the route · any SMHI or FMI warning · standing water or deep ruts at the entry · no forecast received and acknowledged before departure	an alternative: the day's road plan, on its card · a base-day line: a day at the base, or the card's way off
Fell hike vs valley walk	forecast summit wind chill ≤ −10 · forecast summit gusts ≥ 20 m/s · fresh snow ≥ 5 cm · cloud on the summit at departure · a start leaving less than 1.5 × the planned time to the top before the turnaround	see the ladder above; any other trigger → valley walk
Camping vs lodge vs vehicle	forecast minimum below −5 °C · overnight rain with minima near zero · gusts ≥ 15 m/s · any bag without a −10 °C *comfort* rating (ISO 23537)	lodge; if none reachable, sleep in the vehicles with the engine-heat routine and the −10 °C bags, re-plan the next leg

DECISION	TRIGGER — ANY ONE	SAFER ACTION
Long transit 17 and 24 Oct	freezing overnight after a wet day · any FMI warning on the route · fog or snow forecast	add 30 % to the drive time; on 24 Oct stay nearer the ferry the night before rather than leave earlier in the dark; most experienced driver on the first, dark hour
Aurora watch	forecast minimum ≤ –5 °C or gust ≥ 10 m/s	stand-still kit, 30-minute stints, buddy check, return time set — clear aurora nights are the coldest and set up the morning ice

Turnaround on the fells: **start descending by sunset – 2 h** (Levi 16:29, Saariselkä 16:04, Ruka 15:36, Koli 15:34) and **be off the exposed top by sunset – 1 h** (17:29, 17:04, 16:36, 16:34). Two headtorches per person regardless. Drivers: the experienced pair take every icy, dark or recovery-prone section; learners drive gravel and easy sections in daylight and dry conditions with an experienced co-driver beside them.

IF IT GOES WRONG

SOURCED WHERE MARKED · OTHERWISE PRACTICE

- **Wet cold, not deep cold, is the threat.** Warning signs (CDC): shivering, exhaustion, confusion, fumbling hands, slurred speech, drowsiness. Action: shelter, wet clothes off, warm the core under dry layers, warm non-alcoholic drink only if fully conscious, handle gently, medical help as soon as possible. With signal, **112**; without, the satellite messenger SOS at the *same* moment — rescue in Lapland is hours away. The messenger needs a clear view of the sky: move to a clearing if a message will not send.
- **Black ice.** Wet afternoon, clearing sky, still cold night → glazed road at first light that looks merely damp. Most frequent set-up at Ruka, Saariselkä and Koli. A trail alternative, if taken, starts at first light and the 24 Oct ferry drive starts before it. Speed and following distance are the controls (Liikenneturva).
- **Stuck overnight (NWS):** stay in the vehicle; run the engine about 10 minutes each hour, window cracked, exhaust cleared of snow; dome light on at night, bright cloth on the door, bonnet up when the snow stops. Keep **above half a tank** on remote sections so that routine lasts two nights; a battery CO alarm per vehicle. Convoy: the second vehicle stops short of a soft patch and assesses before following — two vehicles are the recovery plan only until both are stuck.
- **Animals (Liikenneturva):** elk move an hour either side of dusk and dawn, September–November — the same hours as the ice and, from mid-October, the same hours you drive. Reindeer everywhere in Lapland, in herds. Slow down on unlit roads, never swerve, 112 after any collision.
- **Trail-day snow:** none of the three stations has recorded snow on the ground in the window in its observed years — Ullånger 15, Granö 21, Harads 16 (short series; read as uncommon, not never) — a 06:00 valley reading that says nothing about daytime showers or higher forest roads. Frost on 35–43 % of nights and a wet day on 28–34 % of days. The likely trail hazard is **mud, ruts and standing water after rain**, then frozen puddles and glazed shade at dawn.

KIT THESE NUMBERS IMPLY

ITEM	BECAUSE	PER
Sleeping bag, ISO 23537 *comfort* –10 °C or colder, plus insulated mat	1-in-10 nights –7.6 (Saariselkä), –6.6 (Koli); up to 33 % of stays met a night ≤ –5 °C; margin for a forecast bust or a vehicle night	person — one each on every remote section, split two per vehicle
Waterproof shell, wicking base, warm mid-layer	wet days 19–40 %; nights around 0 °C from Strömsund on — the CDC wet-cold band	person
Spare gloves, liner gloves, spare hat, in a dry bag	numb hands at –5 to –15 index; contact cold on every recovery job	person
Microspikes	frozen boardwalk and rock; snow on the ground in 65 % of Ruka years, 30 % at Saariselkä	person
Two headtorches + spare cells	civil dusk 18:18–18:30 on the eastern bases; 06:30 start on 24 Oct	person
Battery CO alarm	engine-heat routine in a snowed-in vehicle	vehicle
Satellite messenger, charged, spare power bank	no-signal trail days; rescue interval of hours	vehicle — carried by whoever leaves it
Dry socks per day, a way to dry boots	non-freezing cold injury from wet boots on consecutive days	person

Data: SMHI and FMI open-data station archives; ERA5 via Open-Meteo for wind, gusts and cloud; daylight computed with astral. Read 8–9 Sep 2026.

EMERGENCY · SWEDEN AND FINLAND

112

Police, ambulance, fire, sea and mountain rescue. Free, from any phone on any available network — with or without your own SIM.

It needs a signal. Long stretches of trail between Sundsvall and Hakkas have no mobile coverage. Do not assume you can call for help on the gravel days.

NO-SIGNAL PROTOCOL

- **Satellite messenger or PLB, one per vehicle.** Apply the no-signal protocol on all trail days, including the Finnish alternatives and the 8, 11 and 15 Oct base-day lines; coverage on those lines is not established here.
- **Register for 112 SMS** in both countries before departure — a text sometimes gets out where a call will not.
- **Radios and an agreed channel** at the start of each gravel leg. Phones are not a convoy tool.
- **Lost contact:** the lead stops at the next junction and waits 15 min; the trailing vehicle **stops where it is** and does not backtrack. If still apart after 15 min, the lead backtracks to the last agreed rendezvous. Radio check every 30 min; never press on hoping to meet.

VEHICLES

the 4wild company · Ronny Ermel
+46 76 146 33 04 phone / WhatsApp
info@the4wildcompany.com
Morn 9, 78692 Dala-Järna

LXP27T KSU90N

Excess €2,500 Grenadier / €2,000 Discovery. **Insurance covers the vehicle only** — tyres, roof tents, awning and all accessories uninsured at full replacement. Off-road permitted, clause 4.5. **No geographic, mileage or ferry restriction anywhere in the agreement** — Finland and the Turku crossing are within terms. Carry the registration documents for both vehicles.

MEDICAL · TO COMPLETE BEFORE DEPARTURE

Travel insurance — provider, policy number and 24 h assistance line, per traveller: **not yet on this page.**

Regional centres nearest each base — confirm the emergency department and hours: Sundsvall · Östersund · Gällivare · Kiruna · Ivalo · Rovaniemi · Kuusamo · Joensuu · Savonlinna. Singapore's embassy in Stockholm covers both countries — carry the number.

FERRY

Tallink Silja · Baltic Princess

75492235
boarding code withheld — Adam holds it

Turku: Kuljetuskatu 4 MAP.
Stockholm: Värtahamnen, Hamnpirsvägen 10 MAP.

Port by 18:30. Car check-in closes 19:00, sails 19:30. Boarding cards from car check-in on the day against the booking number. Use the number printed on your ticket.

TRAIL ALTERNATIVES · THE RULES

28 SEP — 18 OCT · IF A TRAIL DAY IS TAKEN

- **Sweden, 28 Sep – 2 Oct: paved is the plan, gravel is the option** (Adam, 17 Sep). The four cards carry the E4 · E12 · 97 · E10 plans — 116 · 191 · 351 · 279 km, 1.9 · 3.2 · 5.5 · 4.8 h, leaving 12:00 · 10:00 · 09:30 · 10:00 — and the S-07, S-07 + S-06 and S-16 lines as alternatives with their own bars, timelines and cut rules; the S-06 line is not an alternative but **the 1 Oct gravel day from Treehotel**, driven from the gate to Arvidsjaur, gravel first, a base day with no bed to reach (Adam, 24 Sep) — 881 km of trail line in all, ~214 km of it reads tarmac in NVDB, ~662 gravel, ~5 unrecorded. The choice is made at breakfast; the beds are booked either way.
- **A Swedish trail alternative departs at first light — 06:30; the Finnish ones at 07:00–07:15, as on their cards.** At 35 km/h on gravel the long second day, the 29th, needs every minute of it: a check-in window that closes at 21:00, no mobile coverage for most of the way, and a surface nobody has confirmed — **the early start is the whole margin** for a puncture, a washout, or driving on when a bed falls through. Tell the hotel which plan you are on when you give the arrival time.
- **Distances are measured from the GPX; hours are 35 km/h on recorded gravel and 65 on recorded tarmac** (an hour of stops, 06:30 start) — Adam's planning figures. The GPX carries no surface data, so the surface comes from Trafikverket's NVDB and Finland's Digiroad, sampled about every kilometre along every line on 22–24 Sep (*analysis/Surface_Verification_v1.2.md*) — up to ~6 km apart where the GPX is drawn coarsely, so each sample counts for the stretch around it (v1.30); unrecorded stretches are timed at the gravel speed but not counted as gravel. S-07 on the 28th is about half tarmac; S-16 is four-fifths gravel, S-06 nine-tenths. The Swedish alternatives come out at ~6.8, ~9.3 and ~7.6 h; the 1 Oct line at ~10.3 h from 06:30 with an hour of stops (Storforsen ~30 min inside it — the only visit), gravel first; the cut at Moskosel is on the card. The 28th is the calibration — if the real average is under 35, take the road on the 29th.

- **All three trail beds are booked** (10 Sep; the 28th moved to Docksta on the 16th) — Docksta Hotell on the 28th and Granö Beckasin on the 29th, both free to cancel until 26–27 Sep and both wanting an arrival time; Treehotel on the 30th, **non-refundable, SEK 16,600**, check-in until 22:00. If a trail day is ending short of its bed, ring the hotel from the last town with signal and finish on the road — a no-show costs the night, and the road reaches all three. The Treehotel night and the Icehotel arrival are the two worth protecting.
- **Finland, 4–18 Oct: the same rule** (Adam, 10 Sep). Five alternatives sit on the cards with their own bars, timelines and cut rules — A′ · B · D · H7 · K1, 840 km of trail line, of which ~327 km reads tarmac and ~192 km gravel in Digiroad and ~321 km has no record — and the choice is made at departure. Three lines are not alternatives but base-day gravel days with no bed to reach (Adam, 24 Sep): FIN-07 north of Inari on Thu 8 Oct (123 km), the FIN-07 line from Glass Resort on 11 Oct (191 km) and the FIN-01 border line from the Ruka lodge on Thu 15 Oct (197 km). K1 on the 18th is now the long day (~9.5 h); on K1 the margin falls on tarmac, not on the trail. First light is 07:00–07:15 by then and last light 18:20–19:00.
- **Lentiira, 17 Oct** — booked for two adults in one chalet: extra beds or a second chalet for four, linen and towels ×4 (or pack them), and dinner, all to be arranged with the property in advance; the kitchen there is limited. Koli's new confirmation (18–21 Oct) shows one adult per room — re-correct to four.
- **Decide by mid-afternoon, not at dusk.** Last light ~19:00 and falling a few minutes a day. Arriving in the dark near freezing, on gravel, is a different job from arriving at 17:00.
- **Ring ahead from the last town with signal.** Granö's check-in window ends at 21:00 and Treehotel's at 22:00, and both confirmations ask for an expected arrival time; Granö's restaurant opens on request only, so dinner for four is ordered on the same call. Numbers on each leg and in the lodging manifest.
- **Expect frost.** Station records for the three bases (1996–2025): Ullånger 28–29 Sep night 2.4 °C, frost 35 % of nights, one night in ten –2.9; Granö 29–30 Sep night 3.0, frost 22 %, one in ten –1.5; Harads 30 Sep–1 Oct night 0.9, frost 43 %, one in ten –4.3 — coldest night in the Harads window –9.8 (2009). Plan for –5 °C, not 0.
- **Check the sleeping bags before the Stockholm hotel handover; time and arrangement unconfirmed.** A +5 °C bag is not a –5 °C bag, and the difference arrives at 03:00.
- **Allemansrätten** permits a night or two on undeveloped land, away from homes and in nobody's way. It does not permit driving off-road to reach a spot.

WILDLIFE

THE MAIN ROAD HAZARD IN LAPLAND

- **Moose and reindeer, at first and last light** — exactly when the trail days start. Slow down on unlit sections; a moose is dark, tall and does not reflect headlights.
- **Never swerve.** Brake hard in a straight line. A swerve into a ditch or a tree is the worse outcome.
- **A collision with moose, reindeer or deer must be reported** — call 112 in both countries and mark the spot. Reindeer are somebody's property.

CONDITIONS

STATION RECORDS · SEE WEATHER TAB

- **Trail bases (Ullånger/Docksta, Granö, Harads):** run 10 Sep. Ullånger 28–29 Sep: day 11.1 / night 2.4 °C, frost 35 % (inland station, 141 m — the village will run milder); Granö 29–30 Sep: day 9.9 / night 3.0, frost 22 %; Harads 30 Sep–1 Oct: day 8.4 / night 0.9, frost 43 %, rain-then-freeze set-up on 11 % of days. No snow on the ground recorded in any of the three windows (15–21 years of record).
- **Jukkasjärvi, 1–4 Oct:** day 6.0 / night 0.2 °C; frost 48 % of nights; the stay met a frost in 76 % of past years and a night ≤ –5 °C in 24 %; snow on the ground in 50 % of years (record 33 cm, 1966).
- **No polar night.** The first sunless day at Kiruna's latitude is 11 December.

PRE-GRAVEL CHECKS

- **Tyres — settled. Both vehicles on winter tyres.** Not legally required until 1 Nov (FI) and 1 Dec (SE), so this is ahead of the statute rather than because of it.
- **Fuel.** Top up at every station on the gravel days — the fuel towns are named on each trail card, from the TET file. Rural pumps are often **unmanned, card-only automats**: carry two different chip-and-PIN cards. **Tank range on gravel and whether jerrycans are carried: confirm with Ronny.**
- **Recovery.** Rated recovery points, strap, shackles, traction boards, shovel, compressor — to be verified at the Stockholm hotel handover, with someone who knows how to use them; time and arrangement unconfirmed.
- **Tyres, second line.** Plug kit and valve tool per vehicle; confirm each has a full-size spare. **A vehicle without a serviceable spare drops to the sealed route.** Tyre service towns on or near the line: Härnösand, Umeå, Arvidsjaur, Gällivare — not checked.
- **Satellite messengers — confirmed?** One per vehicle, registered, tested before Sundsvall. Without them the trail days are a no-go.
- **Cold-camp minimum per vehicle** — sleep system rated below zero, two days' food and water, headtorches, first-aid kit. Check alongside the tent at the Stockholm hotel handover; time and arrangement unconfirmed.
- **If a vehicle stops:** get off the carriageway, hazards on, warm layers on, then call — 112 for injury, Ronny for the vehicle. Share position as decimal coordinates from the map app.

WHAT GIVES WAY TO WHAT

When two things conflict: **safety and road conditions first · the ferry and the flights second · the three non-refundable arrivals third · the trail fourth · everything under Things to do last.** Every rule on this page follows from that order.

- **Which TET edition is on Ronny's navigation unit.** The 2022 main line (S-04 → S-05: Bräcke · Backe · Åsele · Lycksele · Arvidsjaur · Moskosel · Kåbdalis · Jokkmokk · Hakkas) never touches Strömsund or Sorsele; the roadbook now follows S-07 → S-06 → S-16 of the 2026 file. Ask when he makes contact which edition and which sections his unit carries, and load the 2026 file on your own device regardless.
- **Northern trail passability, late September.** Unverified. Contingency route under *Distance*.
- **LH 805, Stockholm → Frankfurt, 25 October, 16:55 → 19:10** — chosen 10 Sep, **to book soon** (business, four, US$1,673 total on the Google Flights quote). The ferry docks 06:10 and the vehicles go back first; at Arlanda by ~15:00. Alternative on the card: the 12:40 → 14:55 (US$1,810) — only if Ronny confirms an early Sunday handover.
- **Handover time on 27 Sep, and where the vehicles go back on 25 Oct** — both Sundays. the pickup point is now the Stockholm hotel, Ett Hem (Adam, 21 Sep) — Ronny still needs the address and the handover arrangement is unconfirmed; the return point is not yet agreed (the 43 km Värtahamnen → Arlanda run is in the leg table). Ronny makes contact about a week out; **ask before then**, since the whole first day is timed off an assumed 08:00 handover.

SOURCES — booking confirmations for every reference, address, telephone, arrival window and meal inclusion. Daylight computed with astral for each day's coordinates, local time. Route plotted from the same coordinates, equirectangular. Coastline and borders from the GSHHG dataset — sea coast only, lakes excluded, islets under ~6 px omitted, line simplified for web delivery.

Road distances from Google Maps (fastest route, 10–11 Sep 2026), ±15% on the day; trail kilometres measured from the 2026 TET files. Map: trail geometry from the GPX, roads from the OpenStreetMap network. Opening hours unconfirmed for 2026.
